I talked with [REDACTED] in Commo about getting this request in channels. He suggested the contents of the memo. Once [REDACTED] receives it we can be assured of getting what we want. [REDACTED] has already alerted the proper person in the General's Office. The installation will be coordinated within Commo between Operations, Engineering, and Security. It is very likely that we will be called upon to furnish information to personnel of these divisions. As originally indicated by [REDACTED] some weeks ago this installation is paid for by Commo.
